32 Constitution Dr
Bedford, NH 03110

Subject: Planning Board Support – Canterbury InvestNH HOP 2.0 application

Dear Members of the HOP Program Steering Committee:

At the September 24, 2024, regular meeting of the Canterbury Planning Board, the members present voted unanimously in support for the Town's InvestNH Municipal Planning & Zoning Grant Program HOP 2.0 application. The application seeks to continue to support updates to the Town's housing related zoning and land use regulations as a continuation of the effort supported by our initial HOP grant.

We look forward to continuing the public engagement process related to housing issues and continuing to work on housing related zoning and regulation changes as we seek to implement the recommendations in the Canterbury Plan for Tomorrow.

Sincerely,

Greg Meeh, Planning Board Chair
