To the Planning Board,

Pursuant to the Subdivision Regulations of the Town of Canterbury, New Hampshire, the Cemetery Trustees hereby request relief from the Planning Board, that the board might expedite the review of the proposed Lot Line Adjustment between the Town Cemetery property and the Hannon property, and we hereby request that the Board hear this application for completeness along with the public hearing in one meeting. This application does not create any residential building lots, and otherwise conforms to the Zoning Ordinances of the Town of Canterbury.

Thank you,
